

ISO 14001 Environmental Policy Statement

The team members of Alabama Graphite Products, LLC. are committed to the continual improvement of the Environmental Management System (EMS), according to compliance obligations, by following the principles and requirements of ANSI/ISO 14001:2015.

The framework for setting environmental objectives is defined in the Environmental Manual (AGP-PP-1).

All Alabama Graphite Products, LLC. team members will strive to protect the environment by preventing and eliminating environmental pollution. Through our work in graphite mining and processing, we will stimulate awareness and inspire action related to environmental stewardship:

- By following environmental procedures to decrease environmental issues, and prevent degradation and damage to the environment.
- By striving to reduce adverse impact on water, soil, air, and biodiversity.
- Through continual training and education to prevent environmental pollution, preserve natural resources, and improve the EMS.
- Through continual raising of environmental awareness.
- Through exploration and innovation of new materials and processes with smaller environmental footprints and improvement of waste management.
- Through examination of any other activities that emerge from the context of the organization.

The ISO Compliance Team is responsible for communicating the Environmental Policy to all persons working for or on behalf of the organization and making it available to the public.
